Submission re: Proposal P1007: Primary Production & Processing Requirements for Raw Milk Products.

I have been drinking safely produced, natural raw milk (when available) since I lived in Scotland in the 1970s when it was still relatively easily available.

I am now an Australian citizen and run my own counselling and health practice in Western Australia as a sole trader.

I am in favour of making safely produced, natural raw milk and products available to those who wish it.

Yours,

Sudeva Tim Hawkes
