Submission For - Raw milk availability

To Standards Management Officer  
P.O. Box 7186

Canberra BC Act 2610

PI 007 Primary production Process - Raw milk.

Dear Sir / Madam

I am writing to submit my absolute support for having free access to buying Raw milk preferably (Certificated Organic) and Raw milk products such as Butter, cheese - yoghurt, - now and in the future.

To even consider making Raw milk legally unavailable to the general population is denying us all a very nutritionally nourishing healing foods that have given good health to many Cultures across the world for many many generations, and should be allowed to continue to do so.

Yours Sincerely  
D. J. Baker
