Subject: FW: Review of regulations for GMO's [SEC=UNCLASSIFIED]

Hi [REDACTED]
Please see below. [REDACTED] and I thought it would be useful if you could be part of this conversation too. [REDACTED] is trying to set up a time.
Cheers [REDACTED]

Subject: Review of regulations for GMO's [SEC=UNCLASSIFIED]

Good morning

There are a number of current activities relating to reviews of regulations for GMOS and new plant breeding technologies in Australia and New Zealand. We thought it would be useful to bring together the major parties involved in these activities to share information and discuss what if any, future steps would be of value in keeping each other informed of developments and working together in these areas. An agenda will follow in due course but it would be expected the meeting would last 2 hours, and each lead agency responsible for reform activities would present their current approach to regulating within this area and any future proposals for change. The meeting would take place in the FSANZ offices in Canberra and Wellington via video conference.

It is proposed that the meeting be either 2-30 – 4.30 on the Monday 15th December or 1.30-3.30 on the Tuesday 16th December. Could you please reply to Maureen to let her know of your availability/preference for either date, or nominate others from your organization, for a preliminary meeting . If this is too short a notice, we may need to postpone until February 2015.

Kind regards

[REDACTED]
