Subject: 'Submission on A1193 Irradiation of all fresh fruit and vegetables'.

Categories: [REDACTED]

I ask FSANZ to reject A1193 which seeks permission to irradiate fresh fruits and vegetables

- ☐ the safety and nutritional integrity of irradiated foods is not established;
- ☐ the technological need for this irradiation has not been established;
- ☐ only full, honest irradiated food labelling would support public confidence in the wholesomeness of Australian foods and the integrity of the food industry itself.

As a matter of urgency, and in the public interest, I call on FSANZ to:

- ☐ Decline approval for the irradiation of fresh fruits and vegetables
- ☐ Refuse any further irradiation approvals and to
- ☐ Cancel all previous irradiation approvals.
