Thank you [REDACTED]. Your efforts are much appreciated. It may be a while before we initiate this as we have to get legal advice first.

Subject: State contacts [SEC=UNCLASSIFIED]

Dear [REDACTED]

It was good talking to you and other members of [REDACTED] back at our meeting about new breeding techniques on 15th August.

Our apologies for taking so long to get back to you with some contact people in the jurisdictions – but we actually had to do some asking around of our own! We felt that the best starting point would be contact with just NSW and Victoria, as these states are where the head offices of the major biotech companies are located.

The contact details of the people that have been recommended to us as the most appropriate to help you with an NBT enquiry are as follows:

Please don't hesitate to get in touch if there is anything else we can help you with.

Kind regards
