Hi Glen and Lorraine,

I've just had a quick chat with Gillian re IF, and given we said that the ABC should go to the jurisdictions if they have compliance questions, it would be prudent to use the JF as a vehicle to raise the issue at the teleconference on Thursday. This complements the note that already went to the food incident network.

I'll provide a verbal update – along the lines of the current situation, and our response to ABC.

Please let me know if you have any concerns or issues.

Trevor
