Hi Mariska & S22

Just wanted to make contact with you to bring to your attention that we are having a workshop next week in Canberra to discuss with jurisdictions how the GM food standard should be interpreted with respect to NBTs. Andrew Pearson from MPI will be attending for New Zealand, and I've asked him just to give a quick debrief and what has been happening in the NZ jurisdiction. I've also asked the OGTR to also briefly bring us up to date with their review of the GT Act regulations here in Australia.

While I expect discussion to be primarily focussed on the GM food standard, there will obviously be broader considerations arising out of whatever is decided.

We will have videoconference facilities set up in our Wellington office, so if you or others have an interest in attending for some or all of the workshop just let me know so we know how many to accommodate. Agenda is attached.

Thanks & best regards

Lisa
