Administrative Assessment Report – Application A1284

Triacylglycerol lipase from GM *Trichoderma reesei* as a processing aid

1. Application details

<p>Date received: 12 September 2023 Date due for completion of administrative assessment: 04 October 2023 Date completed: 29 September 2023</p>		
<p>Applicant: AB Enzymes GmbH</p>		<p>Potentially affected standard/s or schedule/s: Schedule 18</p>
<p>Brief description of application: This application seeks permission for triacylglycerol lipase from a genetically modified strain of <i>Trichoderma reesei</i> to be used as a processing aid in baking and cereal-based processes.</p>		
<p>Procedure: General level 1</p>	<p>Maximum total variable hours: 240 hours</p> <p>Reasons why: It will involve an assessment of relatively minor complexity, since it is assessing a new GM source microorganism for an already permitted enzyme.</p>	<p>Estimated start date for assessment: October 2024</p>

2. Decision

<p>Application accepted</p> <p>Decision Date: 29 September 2023</p>

3. Consultation & assessment timeframe

Proposed length of public consultation periods:

6 weeks

Proposed timeframe for assessment

'Early Bird Notification' due: 7 November 2023

General:

Commence assessment (clock start)

Early October 2024

Public comment

Early February - Mid-March 2025

Board to complete approval by

Early July 2025

Notification to Food Ministers' Meeting (FMM)

Mid-July 2025

Anticipated gazettal if no review requested

Late September 2025
