Subject: A1274 GM Banana must be declined.
Date: Friday, 3 November 2023 5:08:06 AM

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

It is important that A1274 GM Bananas should not be imported into New Zealand on account of their toxicity and that GM products are not permitted for sale here.

There has been no analysis of seven new proteins identified in the GM banana and there is no research on the implications of these proteins for food safety when the banana is eaten.
