Submission re: Proposal P1007: Primary Production & Processing Requirements for Raw Milk Products.

I have been drinking safely produced, natural raw milk (when available) ever since my childhood in Europe where it was still relatively easily available in the countryside, and I have always loved it. I am now an Australian citizen living in Western Australia.  
I am all in favour of making safely produced, natural raw milk and products available to those who wish it.

with regards,

Subhi Luhn
