To whom it may concern,

I'm writing in regards to Proposal P1007: Primary Production & Processing Requirements for Raw Milk Products. I have been a consumer of raw milk products for years and am highly in favor of safely produced, natural raw milk.

I am a United States citizen on the verge of a move to New Zealand. I hope through this legislation, the Government of Australia provides a positive example in the direction of free access to healthful, safe, raw milk and raw milk products for the people of New Zealand.

Sincerely,
