RE: Proposal P1007: Primary Production & Processing Requirements for Raw Milk Products.

I fully support safely produced, natural raw milk. Consumers should be provided with a choice and currently there isn't one. Milk does not taste like milk.... Having had the good fortune to be raised in a Dairy Farming family, I did not appreciate the quality of milk prior to pasturisation. Our dairy along with several other small dairys is no longer in operation thanks to deregulation and minimal government support. I would certainly purchase natural raw milk if I could find some.
