Administrative Assessment Report – Proposal P1065

Code Revision – 2025 Amendments

1. Proposal details

Brief description of Proposal: To make minor amendments to the Code to: <ul style="list-style-type: none"> • correct typographical errors, omissions, inconsistencies and formatting issues; • update references; and • to change the compositional fat requirements for special medical purpose product for infants. The requirements currently stated in the Code are incorrect. They should be identical to those set by P1028 for infant formula and for follow-on formula. While the P1028 2nd CFS and Approval Report state publicly that this change had been made and why, it was not included in the P1028 drafting due to an oversight. 		Potentially affected Standard/s: Standards 1.1.2, 1.2.8, 2.9.1 and Schedules 3, 4, 17, 18, 20, 22 and 29.
