Thanks Leise.

I'm happy with the notes from 10 July, can't comment on the other two meetings as I wasn't present.

A couple of relevant papers attached – nanohydroxyapatite crystals of various morphologies formed in milk salts or calcium phosphate solutions.

Regards,

Simon

Subject: Outcome Notes SNAG consultation [SEC=UNCLASSIFIED]

Dear SNAG members,

Please find attached the draft Outcome Notes from the recent consultation we had with you on the study showing the presence of nanoparticles of hydroxyapatite in infant formula.

The draft Outcome Notes are drafted to include all three teleconferences held on May 31, June 19, and July 10.

I would be grateful if you can send me your agreement or further comments on the draft Outcome Notes.

Kind regards Leise

Leise Berven, PhD

Senior Scientist and Project Manager

Scientific Strategy, International and Surveillance
