Dear Leise,

Thanks for your notes and I don't have any comments.

A different issue - When checking FSANZ website for SNAG, I noticed that NICNAS was not written correctly with my name. I hope you can get it corrected on the website.

Regards

Nobheetha

Dear SNAG members,

Please find attached the draft Outcome Notes from the recent consultation we had with you on the study showing the presence of nanoparticles of hydroxyapatite in infant formula.

The draft Outcome Notes are drafted to include all three teleconferences held on May 31, June 19, and July 10.

I would be grateful if you can send me your agreement or further comments on the draft Outcome Notes.

Kind regards Leise
