---

Hi Leise and SNAG members,

Leise, thank you for preparing and sending the Outcome notes from the three teleconferences. I have no comment on these notes relating to the two teleconferences that I attended.

Mike, if you have a reference for needle-like nano-HA forming from supersaturated milk solutions, please could you send it to me? Thanks.

Cheers,

Maxine

Dear SNAG members,

Please find attached the draft Outcome Notes from the recent consultation we had with you on the study showing the presence of nanoparticles of hydroxyapatite in infant formula.

The draft Outcome Notes are drafted to include all three teleconferences held on May 31, June 19, and July 10.

I would be grateful if you can send me your agreement or further comments on the draft Outcome Notes.

Kind regards Leise
