

FOOD ENZYMES

We hereby state that Keski-Uusimaa Municipality, Environment Centre is the Provincial State Office responsible for monitoring food production in the county of Nurmijärvi. The inspection function is carried out according to the Finnish Food legislation (23/2006) and European food legislation (EC) No 852/2004.

We make annual or bi-annual inspection at the factories and provide inspection records of the inspection visit.

Such inspections are carried out regularly also at the factory premises of Roal Oy. Last inspection was on 14.3.2013. Roal Oy fulfilled requirements of European Food legislation (EC) No 178/2002, (EC) No 852/2004, (EC) No 1332/2008 and Finnish food legislation (23/2006).

The fee for this certificate is 30 €.
