Subject: FSANZ Submission Form Received (Internet) -

	
Application/Proposal Number:	1
Organisation Name:	
Organisation Type:	Individual
Representing:	self
Street Address:	
Postal Address:	as above
Contact Person:	man
Contact Number:	
Email Address:	
Submission Text:	<p>I urge FSANZ to decline both of these applications for GE foods. (A1192 and A1196) The Guidelines that should be considered by FSANZ that are not required at the moment are:</p> <ul style="list-style-type: none">-the toxicity of glyphosate. -The more toxic full formulation sprayed on the crops. -the mixture of herbicides sprayed on the crop. -changes in plant nutritional composition following the herbicide spray. -there is an increasing amount of court cases against Bayer/Monsanto awarding damages to the public for their role in causing disease and health problems

due to Glyphosate and other herbicides. In addition, FSAZ does not review independent data suggesting these factors increase health risk. The rules must be changed to protect the public. The public deserves better.
