Subject: Submission on A1193 Irradiation of all fresh fruit and vegetables

Re: Submission on A1193 Irradiation of all fresh fruit and vegetables

Irradiation of fruits and vegetables adversely affects the nutritional value and safety of significant components of our food supplies. I choose to eat fresh, whole foods, that are nutritious for my body, mind and soul. Irradiated food in NOT fresh or nutritious, the practice goes against everything our bodies need.

I'm totally **AGAINST** this proposal.
